VINTAGE 73

Vintage73 is a tribute to Scott Forrest, who built Forrest Paint Co one customer at a time through superior products and service. Thank you, Dad, for teaching us about doing our best and making our customers happy!

-The Forrest Family

Vintage73 Eggshell is a premium quality self-priming low sheen interior eggshell finish that dries to a beautiful smooth finish. Vintage73 is spatter resistant has very good hide, superior washability and excellent touch-up. Recommended for interior walls and ceilings where a washable finish is required. Ideal for use on properly prepared drywall, plaster, masonry, wood and metal surfaces. Its user friendly formulation helps reduce roller marks by maintaining a wet edge longer than the national brand paint.

Vintage73 Satin is a premium quality interior satin enamel that dries to a tough, smooth finish. Vintage73 Satin flows on beautifully, has very good hide and superior washability. Recommended for interior doors, trim, walls and ceilings where a durable abrasion resistant finish is desired. Ideal for use on properly prepared wood, metal, drywall, plaster and masonry surfaces.
